SERVED MARKETS

This guide will help you get to know us and work with us. It provides information about interacting with our company, including our production facilities and capabilities, the business diversification that we are developing, and our entire value chains that we invest in in order to make our clients more satisfied.

**WE
GROW
TOGETHER**

**FOUNDED
IN 1993**

ABOUT US

Egyptian British Co. is an independent organization that provides chemicals to several sectors with diversified industrial capabilities and product ranges for detergents, textiles, coatings and composites, and cement mortars. Founded in 1988.

OUR VISION

To be the market leader in Egypt and one of the key players worldwide in chemicals and auxiliaries through our leading innovations and technologies, providing our stakeholders with sustainable business growth.

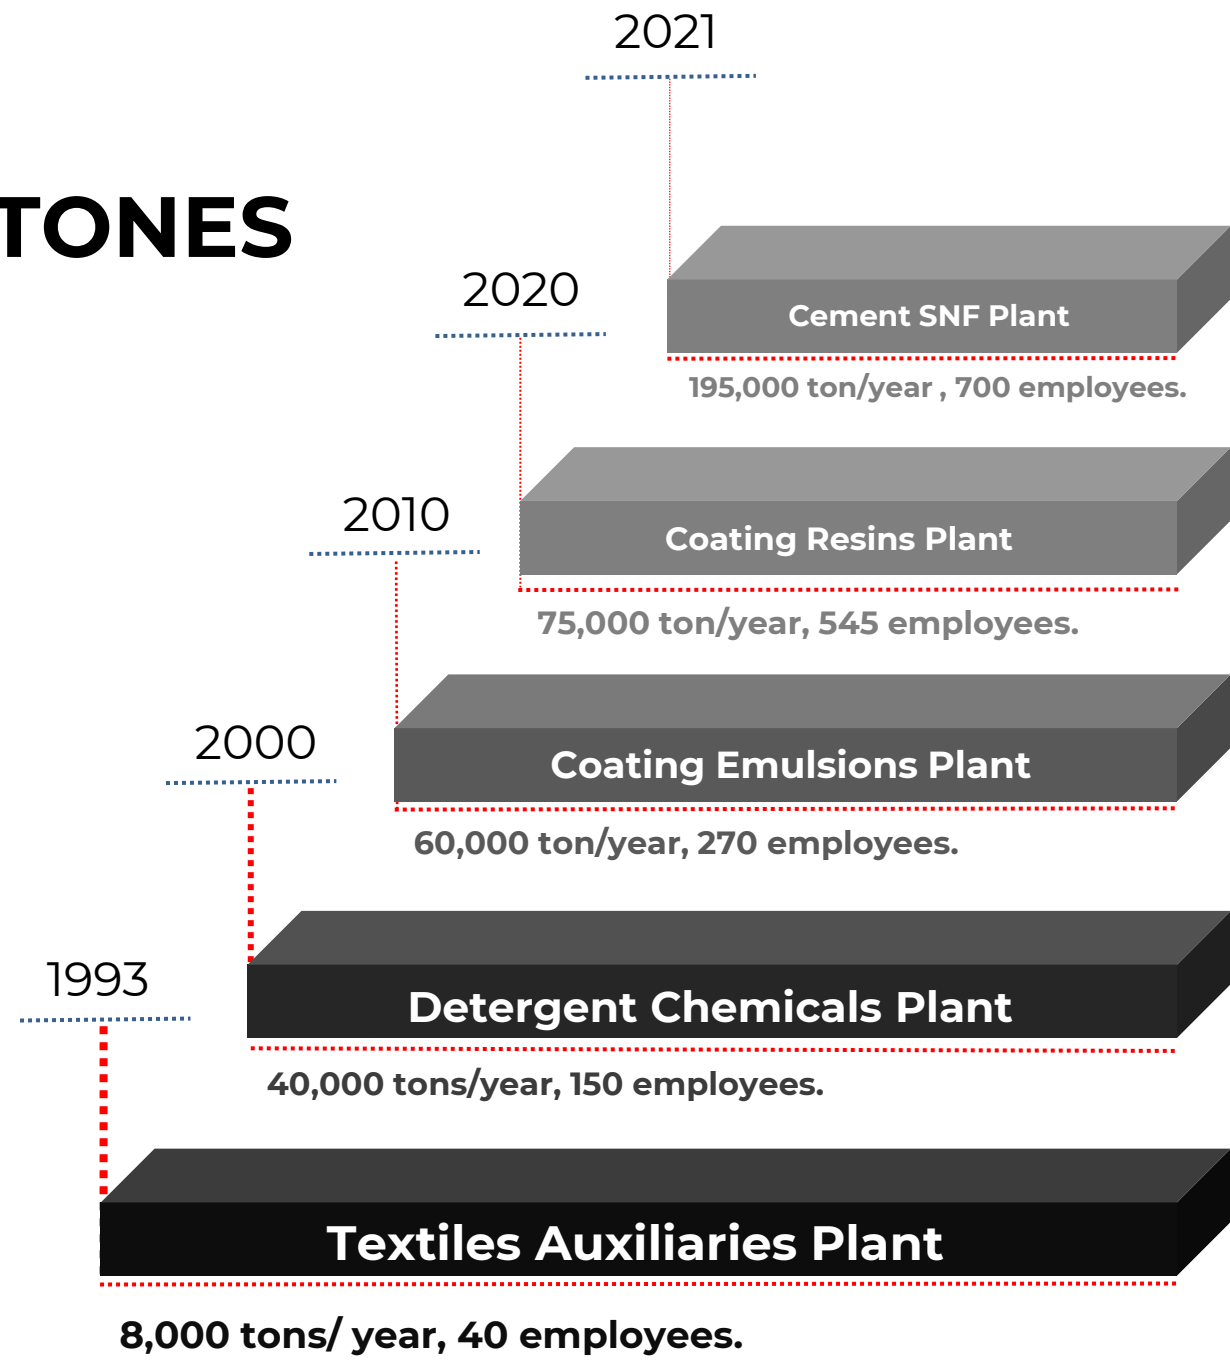

OUR MISSION

To be a **world-class chemical hub**, providing the industry with a diversified product portfolio while maintaining international standards and values.

COMPETITIVE ADVANTAGES

Invention, quality, service, flexibility, delivery and competitive cost.

SUCCESS MILESTONES

CAPACITY

TOTAL PRODUCTION CAPACITY

218,000 MT annually.

Cement Chemicals /	70,000 tons/year
Solvent based resins /	50,000 tons/year
Detergent chemicals /	40,000 tons/year
Water based emulsions /	35,000 tons/year
Others chemicals /	10,000 tons/year
Textiles Auxiliaries /	8,000 tons/year

CORE VALUES

AN RESPECTED CONCEPT IN MATERIAL SOLUTIONS

Quality and sustainability

Quality and sustainability of quality are two of the most important factors required by the customer, along with the availability of ready goods in a short lead time at a reasonable price.

With us, our customers will find that we always listen to the customer's voice and deeply understand and know their needs.

CORE VALUES

WE BUILDING THE TRUST

1. **TARGETING EXCELLENCE**
The best of affordable and quality
Best Reasonable prices

2. **QUALITY COMMITMENT**
Quality consistency Quality
standards

3. **EXCEEDING CLIENTS'
EXPECTATIONS**
Product Quality
Service Quality - Consistency

4. **BEST COMMUNICATION
METHODS**
Commercial technical Team
24/7 communication ability

5. **BUILDING LOYALTY**
Loyal Employee
Loyal Client

6. **DIVERSIFICATION**
Product diversification
Application diversification

CORE VALUES

**WE USE ALL
OUR
RESOURCES
TO SATISFY
OUR CLIENTS**

Huge Tank Farm

capacity exceeding 10,000 cubic meters

Bulk Deliveries

For a cost reduction and continues short delivery time

Well Equipped R&D Lab

Fully authorized to inspects the produced products at any stage of production

Simulated Application Labs

To enhance the way of the product uses, and to inspect products on a periodic plan

Well Equipped QC Labs

ensures the full inspection of all produced products

Automated Process Units

For high level of quality consistency

INSTRUMENTATIONS

1. Gas Chromatography analyzer (GC-MS)

2. Gel Permeation Chromatography (HPLC/GPC System)

3. Particle size analyzer

4. FT-IR Spectrophotometer

5.

INSTRUMENTATIONS

5. Material tensile machine- Biuged BGD 570

6. QUV Accelerated Weathering Tester

7. Q-Sun Xenon Test Chamber

8. Salt Spray Test Chamber

INSTRUMENTATIONS

5. Material tensile machine- Biuged BGD 570

6. QUV Accelerated Weathering Tester

7. Q-Sun Xenon Test Chamber

8. Salt Spray Test Chamber

PRODUCT PORTFOLIO

Coatings & Composites

- Water based emulsions
- Water based additives
- Solvent based resins
- Solvent based additives

Textiles

- Binders
- Softening agents
- Thickeners

Detergents

- Polyacrylates
- Speckles
- Specialty additives

Cement admixtures

- SNF plasticizers

Paper

- Papers specialty chemicals and whitening agents

Ceramic

- Papers specialty chemicals and whitening agents

CERTIFICATIONS

**WE ARE
ISO-
CERTIFIED**

Iso 9001-2015

- Better internal management.
- Less wastage.
- Increase in **efficiency**, productivity and profit.
- Improved customer retention and acquisition.

Iso 18001-2007

- Improves corporate image and credibility
- Adoption of international best practice in risk management.
- Ensured health and well-being of employees

Iso 14001-2015

- Cost savings in waste, recycling and consumption.
- Advantage over competitors when tendering for business.
- Management of environmental risks.

Iso/ IEC 17025-2005

- Better control of laboratory operations.
- Control laboratory methods variation.
- Increase of confidence in Testing / Calibration data and personnel performing work.

THANK YOU

**With Compliments
Of Our Team**
